## HONEY SNAP BISCUITS - DOG TREATS

### INGREDIENTS

150g rice flour  
3 tbsp olive or coconut oil  
A pinch of salt  
80ml water  
1 tbsp honey

Always check the ingredients when cooking for your pets

### METHOD

**Step 1:** Preheat the oven to 160C.

**Step 2:** Combine the flour, oil, honey and salt in a bowl and mix together. Slowly add the water until it is a doughy consistency.

**Step 3:** Knead the dough until it is smooth and roll out onto a lightly floured surface until it is about 3cm thick.

**Step 4:** If you have a bone shaped cutter use this to cut out, but any cookie cutter will do.

**Step 5:** Place the biscuits on a baking sheet on a cooking tray and put into the oven for 15 – 20 minutes, or until they are just slightly browned.

**Step 6:** Remove from the oven and allow them to cool completely.

Don't forget any treats should be given to your dog in moderation and taking into account their dietary requirements, if you have any concerns about your pet's health please speak to your vet.

Tia was brought to our centre in Thailand with terrible injuries after being attacked by other dogs. Our vets were able to give him the treatment he needed and he is now a happy, healthy dog.
